## Clarity Imaging Technologies, Inc. joins the Turbon Group

3 Sep, 2013

---

Cherry Hill, New Jersey (August 30, 2013) – Turbon America Inc. is pleased to announce that it has acquired the assets of Clarity Imaging Technologies, a leading developer and distributor of OEM compatible laser toner cartridges featuring “double yield” technology.

Clarity Imaging Technologies will now join the Turbon Group but will continue to operate independently in the marketplace. Turbon has been the major supplier to Clarity of their internally developed patented double yield cartridges and will continue to provide the highest level of quality laser toner products in the industry.

Clarity will continue to specialize primarily in their high yield line of laser toner cartridges that have value to all their distribution partners within the USA. The company’s full range of high-quality products are marketed under the PageMax Brand and several customer owned brand names.  
About Clarity Imaging Technologies Inc.

Clarity Imaging Technologies is a leading developer, marketer and distributor of branded OEM compatible laser toner cartridges. Today, Clarity is recognized throughout the market as the leader in innovative technology, dedication to world class customer service and patented double yield laser toner cartridges.
